

SECTION 8
AGENCY SUMMARY
and
DETAIL TABLES

This section provides a detailed report by crime category of the annual crime report information for each department within each county in Oregon, including Traffic Crime, Fish & Game Laws, and Marine Violations.

SPECIAL NOTES:

When counting arrests, only those arrests which are made for an agency's own cases are counted for purposes of this report. In cases of multiple arrest charges being brought against an individual in a given incident, only the most serious charge is counted. The number of arrests shown in this report will not necessarily agree with the statistics obtained directly from a department that may opt to count all arrest charges in every incident.

Index Crime is summarized at the bottom of the page. The individual crimes that make up the National Crime Index are each identified with an asterisk.

If necessary, Part II Crime totals may be easily determined by subtracting the Index Crime Total from the Grand Total located on the line above. The result equals total Part II Crimes.

With regard to the "cleared" column, a criminal offense is "cleared" when an investigation comes to an end. A clearance occurs when an offender is arrested. An offense may also be cleared if the offender cannot be arrested due to diplomatic immunity, death of the offender or the offender is already in custody on other charges in another jurisdiction and cannot be brought to trial. We are only able to report clearances that occur within the same year that the offense occurred. For example, if a burglary is committed in April of 2006 and the offender is arrested in August, we are able to report that burglary case as having been "cleared". However, if the burglary offense is committed in October of 2006, but the offender isn't arrested until March of 2007, no clearance can be reported for that offense.

Because criminal investigations frequently extend from one year to the next (and sometimes may last several years), accurately reporting clearance rates is nearly impossible. For that reason, one should not use clearances as a measure of "how well the police are doing the job". Many offenses that are reported in one year will be cleared in the following year(s) where it is simply impossible to report the clearances.

This page is intentionally blank.
