- 8:10 Comments on September 23rd Meeting Summary--Group
Follow-up from Last Meeting
- Clarification of limiting factors and threats definitions—NOAA/Oregon
- 8:30 Follow-up on Desired Status ideas: identify next steps
- 9:30 Follow-up Discussion on Forestry Issues from 9/23 meeting—small group
- 9:45 Break
- 10:00 Large group discussion of Forestry issues and Next Steps Needed
- 10:30 Management Actions to Address Limiting Factors and Current & Future Threats:
Local Populations & Perspectives
The South Coast Watershed Councils' Perspectives
- Members of south coast watershed councils (Coos, Coquille, South Coast, Ten Mile and Umpqua) will give brief presentations on the limiting factors they have identified and discuss management actions that they have taken and are contemplating.
 - Starting with the limiting factors addressed in the state's assessment, what, if any, local factors need to be modified?
What additional management actions have been identified?
What types of local commitments and connections exist to put these actions into place?
- 11:45 Questions and Answers
- Noon Lunch and Small group discussions of the presentation to hone what should be contemplated in the state's conservation plan
- 12:45 Large Group discussion and review of concepts from small groups—what, if anything, is needed to reach agreement on the top priorities for management actions in the South-Coast portion of the Coho plan? How do these tie back to the limiting factors?
