

# Washington State Goes **Smoke Free** 12.8.2005

## BREATHE EASIER

knowing what **I-901 means to you**

**Initiative 901, which bans smoking state-wide** in all public places, becomes a law on December 8, 2005. I-901 bans smoking in any indoor enclosed public place at all times.

This includes:

- **Restaurants**
- **Bars**
- **Bowling Alleys**
- **Casinos**
- **All other public workplaces**

**The new law also limits smoking around doorways and air intakes** near and around protected indoor areas. This doesn't affect people who are walking by a door or window on a public sidewalk or right of way.

## Make Smoke Free Washington Work for You: **Numbers and resources to know**

If you see someone smoking in a public place please alert an employee or contact Public Health at **(206) 296-7613**.

Does your workplace need help implementing the law? Need signage? We can help there, too.

### **What about quitting?**

Are you a smoker who's tired of the hassle? There are resources to help you quit. Call the Washington State Quit Line at 1-877-270-STOP or give Tobacco Prevention a call at (206) 296-7613.

The best thing you can do for your health and the health of those around you is quit smoking. Learn more about the new law and get help quitting. Contact the Tobacco Prevention Program at (206) 296-7613 or visit **[smokefreesattle.org](http://smokefreesattle.org)**
