Reporting Concepts

General

The annual update of the “U.S. Overseas Loans and Grants”, informally known as the “*Greenbook*”, contains summary data of United States Government (USG) foreign assistance since 1945 and detailed annual data for the last four fiscal years. Foreign assistance is categorized as either economic assistance or military assistance. Non-concessional support is also presented. The contents of each section are explained in further detail below.

Foreign assistance is reported by recipient country and organized by geographic region, without distinction between developed and developing countries. The report includes a world summary page, regional summary pages and individual country pages.

Any country which has received economic or military assistance since 1945 and is considered an “Independent State” by the U.S. Department of State merits an individual country page. Generally, country names are those officially designated by the U.S. Department of State. Specific information on country/region names and groupings can be found in the County and Regional Notes in the back of the book.

From 1955 to the present, annual data represent total new grant obligations and loan authorizations in the given fiscal year. Prior to 1955, grant data represent net obligations and loan data represent net authorizations. Where obligations are not available, appropriations or disbursements are used. Historical data are updated and may not reconcile with past editions of the *Greenbook*. All data are reported in historical U.S. dollars. Columns and rows may not sum due to rounding. Values less than \$50,000 are denoted as 0.0 .

The accounts that make up each row of the country pages are listed below. All accounts are presented by funding agency, with the exception of accounts funded by the Executive Office of the President, which are credited to the implementing agency. For annual data of the individual accounts or programs visit <http://qesdb.usaid.gov/gbk/index.html>.

Significant Changes in FY2004 Layout

Three major improvements were made to the presentation of accounts in this year’s *Greenbook* publication to reflect the changing nature of U.S. foreign assistance. First, all accounts are presented by the funding agency, with an additional section added to show State Department programs. Second, since the majority of foreign assistance is now in the form of grants, the distinction between loans and grants was removed from the row presentation. A new column was added to each country page that shows totals loans from 1946 to the present. Third, several accounts were moved from Military Assistance to Other Economic Assistance.

Section Notes

A brief explanation of the contents of each section (economic assistance, military assistance, and non-concessional support) is provided below. The economic assistance section is further divided by funding agency. For appropriations funded by the Executive Office of the President, the program is listed under the implementing agency. The tables provide a detailed listing of “accounts” that comprise each section and funding agency for the current year. For the purpose of this publication, “accounts” refer to Federal appropriation accounts.

Economic Assistance

Total economic assistance is broken into the following funding categories: United States Agency for International Development (USAID) and Predecessor, Department of Agriculture, Department of State and Other Economic Assistance.

The **Department of Agriculture** Table shows the comprehensive list of all food aid accounts and USDA's technical assistance programs.

Food Aid is comprised of historic legislative programs and the current legislative programs of PL-480 and Section 416(b). Food for Education was funded under Section 416(b), however in fiscal year 2004 it became a separate appropriation account known as the McGovern Dole Global Food for Education. All Food Aid is funded by the U.S. Department of Agriculture (USDA). PL-480 Title I programs are funded and implemented by USDA. PL-480 Titles II and III programs are funded by USDA and implemented by USAID.

Important Note: Official Development Assistance (ODA) and Official Assistance (OA) are reported by all donor countries, including the United States, to the Development Assistance Committee (DAC) of the Organization for Economic Cooperation and Development (OECD). All programs listed above under “Economic Assistance” are considered ODA/OA eligible by the DAC. However, Greenbook data and OECD/DAC ODA/OA are not directly comparable. The OECD/DAC has additional program coverage, reports in calendar year as opposed to fiscal year and emphasizes disbursements rather than obligations.

Military Assistance

The **Military Assistance** Table includes the comprehensive list of accounts with a non-economic-development purpose. All programs with an economic development purpose previously listed under “Military Assistance” were moved into the “Economic Assistance” category in the FY2004 Greenbook. This results in a \$1.4 billion shift from Military to Economic Assistance in FY2003, for example.

	Fiscal Year 2004
II. Military Assistance	\$ 6,791,427,796
Foreign Military Financing Grants	4,583,922,000
International Military Education and Training	88,773,000

Non-Concessional Support

Non-Concessional support is broken into the following categories: Non-Concessional U.S. Loans and Annual Obligations to International Organizations. Non-Concessional U.S. Loans consists of Export-Import

Bank Loans and Other Non-Concessional U.S. Loans, including Overseas Private Investment Corporation (OPIC). Since 1999, OPIC annual loan data are the only other non-concessional loans. However, due to limited reporting by OPIC, it is impossible to separate the amount of direct loans from loan guarantees. The data in this book are direct loans and loan guarantees.

	Fiscal Year 2004
Non-Concessional U.S. Loans	2,111,645,411
Export-Import Bank	227,729,122
Overseas Private Investment Corporation	1,883,916,289
Contributions to International Organizations [Assessed]	810,744,400

Inactive Loans and Grants Notes

The report covers development assistance over a period of more than fifty years. There have been a number of changes in the types of assistance programs covered. The following tables detail the accounts that have become inactive, the last year of reported data, and the total funding assistance over the life of the account.

Some historical data are not available by individual accounts because annual data were subsumed into aggregate funding categories. For example, subsumed in historical USAID Loan and Grant data are obligations from such appropriation accounts as: Sahel Development Program, Sub-Saharan Disaster Assistance, Special Assistance, Defense Support, Direct Forces Support, Indochina Postwar Reconstruction, Middle East Special Requirements Fund, and Assistance to Portuguese Colonies in Africa. Obligations for these accounts are not available due to past reporting procedures.

Time Period Notes

Country and regional pages contain historical summary data, the most current four years of annual data, cumulative total and information on loan status. Summary data are available for each legislative authority: Post-War Relief (1946-1948), Marshall Plan (1949-1952), Mutual Security Act (1953-1961) and Foreign Assistance Act (1962-present). Detailed annual data on prior years can be found on the website at <http://quesdb.usaid.gov/gbk/index.html>.

Loan Status

Total loans and grants is the sum of annual data from 1945 to the present. The portion ascribed to loans is reported in the "Of which Loans" column. The outstanding amount as of September 30th, 2004 is the total amount due the U.S. Government for all loans made during the period 1946 to the present, as reported by the U.S. Department of Treasury. Private loans to foreign entities that are guaranteed and/or insured by the U.S. Government are not included in this publication. Claims acquired by the U.S. Government upon default under these programs are also not included, however, capitalization of the defaults are included. Therefore, OPIC's outstanding loan balance may be greater than total loan and grants.

Glossary of Terms

Appropriations— an act of the United States Congress allowing US Federal Agencies to incur obligations for specified purposes.

Authorization— substantive legislation that establishes legal operation of a Federal program, either indefinitely or for a specific period of time, and sanctions particular program funding levels.

Fiscal Year (FY)— an accounting period of 365 days (366 in leap years), but not necessarily starting on January 1. The fiscal year of the United States Government begins on October 1 and ends on September 30 and is designated by the calendar year in which it ends. Prior to FY 1977, the U.S. fiscal year ran from July 1 through June 30. The three-month transition period in 1976 (July 1 through September 30) is treated as a distinct reporting period.

Grant— cash transfers for which the recipient incurs no legal debt.

Loan— transfers for which the recipient incurs a legal debt and repayment is required over time, with or without interest, in convertible currencies or in kind.

Obligation— a binding agreement that will result in outlays, immediately or in the future. Budget resources must be available before obligations can be legally incurred.
