**RULE SUMMARY**

Oregon Laws 2008, Chapter 1, requires that an applicant for a driver license, driver permit, or identification card provide proof of a Social Security Number (SSN) or ineligibility for a SSN and proof of legal presence in the United States. These rules define the documents that may be used to prove a SSN (or ineligibility for a SSN), the documents that may be used to prove legal presence, and the documents that may be used to prove an applicant's identity, date of birth, and address.

ORS 807.024 requires that a person applying for issuance, renewal or replacement of a driver license, driver permit or identification card submit to collection of biometric data by the Department of Transportation to establish the person's identity. On July 1, 2008, the department will begin using facial recognition software to determine whether the biometric data for a person applying for any driver license, driver permit or identification card matches the biometric data already on file for that person. This rulemaking covers those sections of the legislation that become operative on July 1, 2008.
