

CHAPTER 7

List of Agencies, Organizations, and Individuals to Whom Copies of this DEIS or Notice of Availability are Sent

We have assembled a mailing list of nearly 1,000 agencies, organization, and individuals for this draft EIS. This list was constructed from the following: 1) the mailing list that the Division of Migratory Bird Management uses for its Federal Register notices; 2) individuals, organizations, and agencies that submitted public comments during our 1998-1999 Environmental Assessment process; 3) individuals, organizations, and agencies that submitted comments in response to our Notice of Intent published on May 13, 1999. A summary of agencies and organization on our mailing list is presented below; however, this list may not be all-inclusive.

As part of our consultation with the Canadian government, we have asked the CWS to distribute French and English versions of our Notice of Availability to potentially affected groups in Canada. The CWS distribution list contains approximately 600 individuals, and national or provincial organizations that have indicated an interest in waterfowl management in Canada. The distribution list includes wildlife management boards and councils that oversee wildlife programs affecting First Nations people in Canada.
