

EPP/ESP DOE Visit to
Lawrence Berkeley National Laboratory
1/28/08
Bldg. 54 Room 130B

9:00-10:00 - DOE Office of Nuclear Safety and Environmental Assistance Overview: What is New in EO 13423 Impacting Procurement and Construction Contracting
(Marshall, Robles, Gross, Fernandez, Hammer, Ridgeway, Hatayama, Abbott, Pauer, Nolan, Speros)

- EO 13423, Strengthening Environmental, Energy, and Transportation Management.
- Environmental Management Systems (EMS).
- Procurement Impacts and Environmental Preferable Purchasing (EPP).
- Construction Impacts.

10:00-11:00 - LBNL Overview: EPP EMS Program and Challenges
(Hammer, Nasto, Cowger, Abbott, Pauer, Nolan, Speros)

- Overview of LBNL mission.
- LBNL's EMS and integration of Environmentally Preferable Procurements (EPP).
- General LBNL challenges:
 - Distributed eBuy/blanket purchases
 - Getting the word out (web site, news)
 - High-priority categories
 - DOE EPP Reporting
 - DOE EMS Scorecard for Contracts

11:00-12:00 - Construction and EPP
(Black, Harkins, Stanton, Ohearn, Eary, Abbott, Pauer, Nolan, Speros)

- LBNL construction contracting and successes (LEED building).
- Reporting and data collection.
- Model subcontract clauses for meeting EPP usage requirements.
- EPP specifications for building construction.

12:00-1:00 - Lunch

1:00-2:00 - eBuy Purchases
(Chong, Homen (Corporate Express), Abbott, Pauer, Nolan, Speros)

- LBNL's eBuy process.
- How to increase purchases of EPP when LBNL users have access to an entire catalog.
- Reporting and data collection.
- Model programs at other DOE facilities.

2:00-3:00 - Energy Star / EPEAT Products
(Verboom, Mack, Abbott, Pauer, Nolan, Speros)

- Current state of EPEAT certification.
- What manufacturers are covered?
- Reporting and data collection.
- Model contract clauses for Energy Star/EPEAT products.
