

# Clinical Social Work Federation

*Promoting Excellence in Clinical Social Work Practice*

September 9, 1999

Dear Congressman Norwood:

The Clinical Social Work Federation is in support of the Bipartisan Consensus Managed Care Improvement Act of 199, HR 2723. We would like to be added to the list of endorsers on your website.

With every good wish for the passage of the bill and a heartfelt thank you to you for your tireless efforts to improve the failing managed care industry so that our citizens have the opportunity to receive the medical care they need.

Sincerely,

*Golnar A. Simpson*
