

As homeowners in Windmill Creek Reserve on Jordan Road north of Arapahoe, we are strongly opposed to the proposed changes in the flight path of aircraft out of the north end of Centennial Airport. We purposely did not purchase a home in the area along Peoria because of the departing aircraft. If the proposed changes take place, those aircraft will be much closer to our home than currently.

In contrast to this, the residents along the existing flight path presumably purchased their homes with full knowledge of the noise potential. To change the flight path for their sake at the expense of other citizens is just not right.

Please take this into consideration when the final decision is made. We do not feel that we should be subjected to a problem that we consciously avoided when purchasing our home.

Sincerely,

Eugene E. Bourne
