**Letterhead Certificate for Prepared Beef Products (Marinated or Others)
Intended for Export to Mexico**

Date Issued _____ **Certificate Number** _____

1. The raw material used to elaborate the product is of U.S. origin from plants approved by the Secretariat of Agriculture, Livestock, Rural Development, Fisheries and Food.
2. The animals from which the product was obtained were slaughtered in installations authorized by the Department of Agriculture of the United States (USDA) and are dedicated exclusively to the slaughter of animals under the age of 30 months or that the plant has acceptable procedures for complete segregation that permits the official from USDA to identify and select the products to be exported.
3. The product was obtained from animals less than 30 months of age, determined by means of records that demonstrate the age or through the postmortem inspection in which it must be verified that the animals from which the product was obtained have two incisive permanent teeth or less.
4. The animals from which the product was obtained were not stunned by means of gas injection in the cranial cavity or cutting of the spinal cord (by laceration of the central nervous tissue by means of introducing a sharp cutting instrument in the cranial cavity).
5. In the country of origin of the product there exist animal health regulations in force that prohibit the feeding of ruminants with meat and bone meal or greaves of ruminant origin.
6. From the slaughtered ruminants from where the product was obtained, the specific risk materials (tonsils and small intestine) were eliminated.
7. The product to be exported does not contain meat from advanced meat recovery, mechanically separated meat and ground meat.
8. The product was processed at an establishment authorized by the Secretariat of Agriculture, Livestock, Rural Development, Fisheries and Food, to export to Mexico.
9. The product is distributed and sold freely in the country of origin or source.
10. The product is approved for human consumption.
11. The meat used in the elaboration of the product comes from ruminants slaughtered on or after March 5, 2004.
