**GUIDELINE FOR THE COMPLETION OF THE FSIS LETTERHEAD
CERTIFICATE TO EXPORT RAW FROZEN OR CHILLED POULTRY MEAT
TO CHILE**

Origin of Product

1. Entry "The United States" is pre-printed.
2. Enter the state where the poultry product was produced.
3. Enter the FSIS Form 9060-5 certificate number.
4. Entry "United States Department of Agriculture" is pre-printed.
5. Enter the name and number of the FSIS District Office issuing the certificate.
6. Enter the name and address of the exporter.
7. Enter the plant number of the applicant plant (plant completing FSIS Form 9060-6).
8. Enter the name, number, and address of the slaughter plant.
9. Enter the name, number, and address of the processing plant. If fabrication is performed at the slaughter plant, this block is not used, and "Not applicable" should be entered.
10. Enter the name, number, and address of the cold storage plant. If the product is shipped directly from the slaughter or processing establishment, enter "Not Applicable" in this block.

Product Destination

11. Enter the name and address of the consignee.
12. Enter the name of the shipping vessel or air carrier.

Product Identification

13. Enter the product name as labeled.
14. Enter the range of dates covering all packing dates on shipping containers.
15. Enter the number of packages in the consignment.
16. Enter a description of the packaging method used, (e.g., boxes, combos, etc.).
17. Enter the net weight of the consignment (pounds or metric weight may be provided).
18. Enter the number of shipping containers (i.e. ocean or air containers).
19. Enter harmonized code for type of product (web site referenced below)
<http://hotdocs.usitc.gov/docs/tata/hts/bychapter/0801C02.pdf>
20. The signing official stamps this block with the export stamp and enters their initials where the number would normally appear.
21. FSIS certifying official signs certificate.

Sanitary Certification

22. Enter the FSIS Form 9060-5 certificate number.
23. Enter the state where the poultry product was produced. The Export Library will identify states affected by notifiable avian influenza and Newcastle Disease.
24. Enter the state where the poultry product was produced.
25. The signing official stamps this block with the export stamp and enters their initials where the number would normally appear.
26. FSIS certifying official signs certificate.
27. Enter the FSIS Form 9060-5 certificate number.

28. Strikeout this paragraph if the birds were not vaccinated with a killed virus vaccine for avian influenza (AI). In the event that these are AI-vaccinated birds (e.g., mature turkeys from one of the following states: Illinois, Indiana, Michigan, Minnesota, Missouri, North Carolina, and Ohio), you will need to request a signed statement from the APHIS accredited industry veterinarian responsible for the flock of origin. (Some States currently allow preventive vaccination of turkey breeders with killed virus vaccines for avian influenza strains that is not notifiable to the OIE, typically H3. Over time this could include other situations.)"The signing official stamps this block with the export stamp and enters their initials where the number would normally appear.
29. FSIS certifying official signs certificate.
30. Enter the FSIS Form 9060-5 certificate number.
31. Enter the temperature, in Celsius, of the product at the time of export re-inspection.
32. The signing official stamps this block with the export stamp and enters their initials where the number would normally appear.
33. Enter the city and state where the letterhead certificate is signed.
34. Enter the date the FSIS signing official signs the letterhead certificate.
35. FSIS certifying official signs certificate.

Exporter/Shipper Information

36. Exporter or Shipper enters ocean or air container number(s).
37. Exporter/Shipper enters ocean or air container seal number(s).
38. Exporter/Shipper enters the date vessel or plane departs.
39. Exporter or Shipper signs the letterhead certificate.
40. Exporter or Shipper prints name and title.
