**Proposed Competitive Preference**

Under 34 CFR 75.105(c)(2)(i) the Assistant Secretary proposes to add a

competitive preference to applications that are otherwise eligible for funding under the 11 previously mentioned programs.

The maximum score under the selection criteria for each of these programs is 100 points; however, we will also use the following competitive preference so that up to an additional 10 points may be earned by an applicant for a total possible score of 110 points.

Up to 10 points may be earned based on the extent to which an application includes effective strategies for employing and advancing in employment qualified individuals with disabilities as project employees in projects awarded under these programs. In determining the effectiveness of those strategies, we will consider the applicant's prior success, as described in the application, in employing and advancing in employment qualified individuals with disabilities.

Therefore, within this competitive preference, applicants can be awarded up to a total of 10 points in addition to those awarded under the published selection criteria noted previously in parentheses after each program. That is, an applicant meeting this competitive preference could earn a maximum total of 110 points.

We will publish a notice of final competitive preference in the **Federal Register** after considering responses to this notice and other information available to the Department. This notice does not preclude us from proposing or funding additional priorities, subject to meeting applicable rulemaking requirements.

**Intergovernmental Review**

These programs are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.
