Total number of guidelines applied:						53,368			
Number of cases with at least one guideline applied:						48,981			

¹Of the 53,674 cases, 4,693 were excluded due to missing guideline applied. The total for any guideline can exceed that for primary guideline because a case can have several guidelines applied, but only one primary guideline. Descriptions of variables used in this table are provided in Appendix A.
