¹Of the 53,674 cases, 3,208 received a §5K3.1 early disposition program departure. Of these, 3,127 had complete guideline application information. An additional 31 cases were excluded due to several logical criteria. Of the remaining 3,096 cases, four were excluded due to one or both of the following reasons: missing primary offense category (0) or missing sentence information (4). Descriptions of variables used in this table are provided in Appendix A.

²Cases with guideline minimums of life or probation (i.e., sentence lengths of zero months) were included in the sentence average computations as 470 months and zero months, respectively, but were excluded from measures of decrease in the table.
