The following are terms of participation in the Language Recognition Evaluation:

- On receiving the evaluation data, the registered site will process the entire test set in accordance with the evaluation plan, and return the system output files to NIST by the end of the evaluation period, ***March 10, 2003***.

- The site agrees to be represented at the Language Recognition Evaluation workshop to be held at NIST on ***April 28th-April 29th 2003***, and to openly discuss the evaluation system used.

- The site understands that, although the evaluation is open to all wishing to participate, results are only discussed within the group of registered participants and representatives of supporting government agencies.

- The site agrees to not publicly compare its results with the results of other participants. Sites are free to do what they wish with their own results, but may neither redistribute nor publish results from another site without that site's explicit permission.

NIST serves to coordinate the Language Recognition evaluations. These tests are designed for local implementation by each participant. Only their results are returned to NIST for scoring. The reported results are not to be construed, or represented, as endorsement of any participant's system, or as official findings on the part of NIST or the U.S. Government.
