

Bark Beetle Technical Working Group  
Fairmont, MT  
October 3-5, 2006

Note: this is an outline only – actual times and activities most likely will vary

Tues. October 3

- |              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8:00 – 8:20  | Welcome, house keeping items, local information, etc.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 8:20 – 9:30  | Discussion about revisiting the National Bark Beetle 5 Year Strategy (see <a href="http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml">http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml</a> for copies of the documents) <ul style="list-style-type: none"><li>- Who is this document for?</li><li>- What purpose?</li><li>- How to revise or redo? Etc....</li></ul> (This will partly determine the outline of the meeting.)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 9:30- 10:00  | Break                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 10:00-12:00  | Status of bark beetles by Region (conditions reports)<br>A (FEW) slides, a handout, hit the highlights.<br>15min max per <u>Region</u> (1 person w/ 15 min or 3 w/ 5 min...)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| 12:00 – 1:00 | Lunch (\$13.00 catered lunch at Resort for those who want)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| 1:00- 2:30   | Updates on specific efforts such as: <ul style="list-style-type: none"><li>- Assessment of the Western Bark Beetle Initiative: A Collaborative Effort Between Forest Service Research &amp; Development and Forest Health Protection (FY2004 – FY2005)<br/><i>Joel McMillin</i></li><li>- Western Bark Beetle Report (#2) <i>Sheri Smith, Bob Celeya</i></li><li>- FIDL updates <i>Iral</i><br/>(see <a href="http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml">http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml</a> FIDL list for more info)</li><li>- Update of Western Forest Insects <i>Iral</i><ul style="list-style-type: none"><li>o Common Names support <i>Brytten</i></li></ul>(see <a href="http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml">http://www.fs.fed.us/r6/nr/fid/pubsweb/bbtwg.shtml</a> CNC list for more info)</li><li>- FHTET \$\$\$'s for special projects: update</li><li>- Others ??? <i>(Ralph?)</i></li></ul> |
