

The following Regulatory Information Summary is not available because it is marked "Exempt from public Disclosure in accordance with 10 CFR 2.390."

RIS 2005-04, "Guidance on the Protection of Unattended Openings that Intersect a Security Boundary or Area," dated April 14, 2005.

The Nuclear Regulatory Commission (NRC) has issued Regulatory Information Summary (RIS) 2005-04 to all holders of operating licenses or construction permits for nuclear power reactors, research and test reactors, decommissioning reactors with fuel on site, Category 1 fuel cycle facilities, critical mass facilities, uranium conversion facility, independent spent fuel storage installations, gaseous diffusion plants, and certain other material licensees. Note that the regulatory information summary contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
