Re: Board Member Appointments

~Janis (Jan) Salisbury~

Has been licensed as a tax consultant with the Board of Tax Practitioners since November of 1989. Ms. Salisbury graduated from Washington State University. She taught in public schools for ten years. A change in career took her to the IRS for six years. Opportunities arose allowing her to follow another passion and open a business. She eventually became licensed as both a Tax Consultant and an Enrolled Agent. Her firm focused on tax preparation and bookkeeping in the Oregon City area. Within a short time she was back to teaching, using educational training, providing CPE classes and, for several years, a Basic Income Tax Preparation class at Clackamas Community College. During this same time she co-authored and later singularly authored a textbook used by several schools throughout the state. You can still find her teaching even though she recently sold her tax preparation business. Ms. Salisbury was appointed by the Governor and confirmed by the Senate on June 26, 2008. Her first term of office will be: 07/01/08 through 06/30/11.
