Privacy Act of 1974; Report of a New System of Records; Sanitation Facilities Construction Individual Applicant Records

AGENCY: Department of Health and Human Services (HHS), Indian Health Service (IHS).

ACTION: Notice of a New System of Records (SOR).

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, we are proposing to establish a new system titled, "Sanitation Facilities Construction Individual Applicant Records (SFCIA), System No. 09-17-004." Under the provisions of the Indian

Sanitation Facilities Act, Pub. L. 86-121 (42 U.S.C. 2004a), IHS is charged with carrying out the functions to determine basic individual and home eligibility for sanitation services. The primary purpose of this system is to determine eligibility of individuals and homes for sanitation services; budget justification for appropriation and project development to serve eligible homes and persons with sanitation facilities; to monitor, track and report status and progress of services provided; to maintain records on and to verify individuals' eligibility for services; and to link with the IHS Resource and Patient Management System (RPMS) for purposes of verifying and determining individuals' eligibility.

Information retrieved from this system may be disclosed to: (1) Congressional offices in response to a verified inquiry; (2) other Federal agencies or Tribes that provide funding for or are involved in providing sanitation facilities to individuals or communities, and may be disclosed to individuals or communities, and may be disclosed to individuals specifically involved in the process of providing sanitation facilities, including but not limited to Tribal officials, Tribal housing authorities, Tribal utilities, contractors, State and local entities and consultants; (3) support litigation involving the agency; (4) referrals to the appropriate agency, whether Federal, State, or local, charged with enforcing or implementing the statute or rule, regulation or order; (5) HHS contractors and subcontractors for the purpose of collecting, compiling, aggregating, analyzing, or refining records; (6) other Federal or Tribal entities that provide sanitation facilities at the request of these entities in conjunction with a computer-matching program conducted by these entities to detect or curtail fraud and abuse in similar types of program services; and (7) appropriate Federal agencies and Departmental contractors in the event of data breaches either suspected or confirmed.

Effective Dates: IHS filed a new system report with the Chair of the House Committee on Oversight and Government Reform, the Chair of the Senate Committee on Homeland Security and Governmental Affairs, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on February 28, 2008. To ensure that all parties have adequate time in which to comment, the new SOR, including routine uses, will become effective 40 days from the publication of the notice, or from the date it was submitted to OMB and the Congress, which is later,

unless IHS invites comments on all portions of this notice.

ADDRESSES: The public should address comments to: Mr. William Tibbitts, IHS Privacy Act/Health Insurance Portability and Accountability Act (HIPAA) Privacy Officer, Division of Regulatory Affairs, Office of Management Services, 801 Thompson Avenue, TMP Suite 450, Rockville, MD 20852-1627; call non-toll-free (301) 443-1116; send via facsimile to (301) 443-2316, or send your e-mail requests, comments, and return address to:
