Note:

1. Order stub cable length in accordance with manufacturer's instructions.
2. These protected blocks use the Energy Network Power, Energy Systems Communications 1557 (R-800) cable-class "medium duty" arrester.
3. These protected blocks use the D Terminator 2 cable-class "heavy duty" arrester. Add details on Tyco types of protection i.e. – (1) Fail-Safe 265-600V 24 AWG protection for OSP applications and (2) Fail-Safe/Vent Safe 265-600V 24 AWG protection, which can be used for primary protection.
