June 8, 2005

IMPORTANT NOTICE

TO: All In-State and Out-of-State Pharmacies, Pharmacists and Interested Parties

FROM: The Board of Pharmacy, State of Hawaii

RE: Emergency Contraception Oral Drug Therapy Program

On June 24, 2003, the Governor signed HB 123, HD1, SD1 into law (ACT 201, SLH 2003) to allow pharmacists to dispense emergency contraceptives in accordance with approved procedures and protocols developed by a pharmacist and physician.

In order to implement the program, the Board of Pharmacy ("Board") promulgated rules to provide specific criteria for a collaborative agreement between a licensed pharmacist and a licensed physician to allow the pharmacist, who has received the appropriate training, to initiate emergency contraception oral drug therapy.

A sample of the collaborative agreement, informed consent form, screening checklist and list of oral contraceptive pills used for emergency contraception are attached as exhibits to the Board's rules available through this web site at:

www.hawaii.gov/dcca/areas/pvl/boards/pharmacy/statute_rules

Under the approved collaborative agreement, if the drug therapy services are not available at a pharmacy, the pharmacist shall refer the patient to another licensed pharmacist who will provide the drug therapy service.

Attached is a current list of participating pharmacies that includes a list of pharmacists who have received the appropriate training and have entered into a collaborative agreement with a licensed physician to dispense emergency contraception oral drug therapy.

If your pharmacy does not have access to the internet, you may submit a written request for the most current list of participating pharmacies to be faxed to you. You may mail, fax, or email your written request to the Executive Officer at:

Lee Ann Teshima, Executive Officer
Board of Pharmacy
P. O. Box 3469
Honolulu, Hawaii 96801
Phone No.: (808) 586-2694
Fax No.: (808) 586-2874
Email: pharmacy@dcca.hawaii.gov

These lists will only be faxed upon written request. Updated lists will not be automatically faxed.
