Introduction	1
Stephen F. Arno The seminal importance of fire in ecosystem management—impetus for this publication	3
Assessing Needs for Fire in Restoration	7
Robert W. Mutch Restoring fire to ecosystems: methods vary with land management goals	9
Wayne A. Cook	
James K. Agee Fire regimes and approaches for determining fire history	12
Robert E. Keane Coarse-scale restoration planning and design in Interior Columbia River Basin	
James P. Menakis ecosystems: an example for restoring declining whitebark pine forests	14
Wendel J. Hann	
Ann E. Camp Dynamically incorporating late-successional forest in sustainable landscapes	20
Paul F. Hessburg	
Richard L. Everett	
Roger D. Ottmar Smoke considerations for using fire in maintaining healthy forest ecosystems	24
Mark D. Schaaf	
Ernesto Alvarado	
David J. Parsons Restoration of fire in National Parks	29
Stephen J. Botti	
Sarah E. Greene The role of fire in Research Natural Areas in the Northern Rockies	
Angela Evenden and Pacific Northwest	32
Restoration of Fire in Inland Forests	35
Stephen F. Arno The concept: restoring ecological structure and process in ponderosa	
pine forests	37
Carl E. Fiedler Silvicultural applications: restoring ecological structure and process	
in ponderosa pine forests	39
Michael G. Harrington Prescribed fire applications: restoring ecological structure and process	
in ponderosa pine forests	41
Matthew K. Arno Reestablishing fire-adapted communities to riparian forests in the ponderosa pine zone	42
Joe Scott Restoring recreational and residential forests	44
Michael Hartwell Determination of fire-initiated landscape patterns: restoring fire	
Paul Alaback mosaics on the landscape	46
Cathy Stewart Restoring historic landscape patterns through management: restoring fire mosaics	
on the landscape	49
Robert E. Keane Whitebark pine ecosystem restoration in western Montana	51
Stephen F. Arno	
Laurie L. Kurth Examples of fire restoration in Glacier National Park	54
Leslie A. C. Weldon Dealing with public concerns in restoring fire to the forest	56
Restoration in Pacific Westside Forests	59
J. E. Means Fire history and landscape restoration in Douglas-fir ecosystems	
J. H. Cissel of western Oregon	61
F. J. Swanson	
Joe Means Forests of the Oregon Coast Range—considerations for ecological	
Tom Spies restoration	68
Shu-huei Chen	
Jane Kertis	
Pete Teensma	
James K. Agee Fire in restoration of Oregon white oak woodlands	72
Thomas Atzet Fire regimes and restoration needs in southwestern Oregon	74
T. J. Leuschen Restoring fire to mixed conifer forests in the Northern Cascades	77
Larry A. Vanderlinden Applying stand replacement prescribed fire in Alaska	78
Peter D. Teensma Integrating fire management into land management planning for westside forests	81
Epilogue	83
R. Gordon Schmidt Can we restore the fire process? What awaits us if we don't?	85
