## **INSURANCE FRAUD INVESTIGATION**

To conduct a statewide program for the prevention, investigation, and prosecution of motor vehicle insurance fraud cases and violations of all applicable state laws relating to motor vehicle insurance fraud. The Insurance Fraud Investigation Branch may also review and take appropriate action on complaints relating to insurance fraud. The Insurance Fraud Investigation Branch has created a toll free insurance fraud hotline to receive reports of suspected cases of insurance fraud.

During the period of July 1, 2000 and June 30, 2001 the Insurance Fraud Investigation Branch received one hundred thirty three (133) referrals. Of the total referrals, one hundred fourteen (114 ) investigations were opened. Nineteen (19) referrals were made to other agencies. Thirteen (13) criminal indictments against fifteen (15) individuals were obtained. Seven (7) criminal cases were resolved in favor of the State of Hawaii, one (1) criminal trial is pending and seven (7) grand jury bench warrants were obtained and remain outstanding.

To dispel the general belief that it is acceptable to commit motor vehicle insurance fraud the staff of the Insurance Fraud Investigation Branch created a program aimed at high school seniors in which the branch offered to send a staff investigator and prosecutor to visit high schools throughout the State of Hawaii. The fraud staff spoke to members of the senior class to educate them about basic insurance concepts, the insurance fraud statute, and the criminal consequences of committing insurance fraud. Students were also provided examples of successful investigations that led to criminal prosecutions of would be perpetrators of fraud. During FY 2000 the branch met with approximately 700 students at schools on both Oahu and Maui.

The Fraud Branch endeavored to meet its statutory mandate to prevent insurance fraud by developing an informational brochure on the topic of auto insurance fraud for the general public. Copies of the brochure were distributed by the Hawaii Public Library System to all of their branches statewide. Since the date of publication approximately 3990 copies of the brochure have been distributed to insurance companies, the military, state agencies and students.

One of the primary goals of the Insurance Fraud Investigation Branch is to educate the public, insurance industry and law enforcement that motor insurance fraud is a prosecutable crime. In order to educate these groups of individuals about the crime and our operation the branch conducted presentations covering areas such as the mandatory fraud reporting requirement, statistics on the economic consequences of fraud, the fraud statute, the criminal penalties, investigation techniques, stages of prosecution and progress statistics. The branch conducted fourteen such presentations and directly reached 395 individuals. Additionally, in order to educate the community about motor vehicle insurance fraud and vehicle theft the branch hosted a 3 day statewide training in association with the National Insurance Crime Bureau. Attending the training were 136 representatives from various state and federal law enforcement agencies, insurance companies and state regulatory agencies. In total, during the fiscal year 2000, through fraud informational presentations, the branch educated 531 individuals about the crime of motor vehicle insurance fraud.

## **HEALTH INSURANCE**

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care. For the period from January to June 30, 2000, approximately 260 inquiries from consumers, health care providers, and insurers were received.

Under the Hawaii Patient Bill of Rights and Responsibilities Act, consumers or the consumers' treating provider or authorized representative may request an external review of a health plan's decision. As of June 30, 2000, a total of seven requests for external review were received. Of these cases, two cases involved federal health plans and were dismissed for jurisdictional reasons. Two cases involved payment of claims where treatment was rendered. Two cases involved coverage disputes where the treatment in question was not provided. The three-member review panel was convened in two cases; in one case, the plan's decision was upheld and in another case, the plan's decision was overturned.

As part of its duties, the Health Insurance Branch also provides administrative and technical support to the Patient Rights and Responsibilities Task Force and the Mental Health Task Force, pursuant to Act 178, Session Laws of Hawaii (1998) and Act 243, Session Laws of Hawaii (2000), respectively.

The unit also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, medicare supplement, temporary disability and title insurance.

Act 255, 1990 Session Laws of Hawaii (SLH), amended Article 14 of Chapter 431, Hawaii Revised Statutes, to establish a loss cost filing system for casualty, surety, property, marine and transportation insurance in order to promote competition in the Hawaii insurance market. Under the loss cost filing system, rating organizations do not file final rates but instead develop and file, for approval, advisory prospective loss costs and supporting actuarial and statistical data. Each insurer must determine the appropriateness of the loss costs to their insured policyholders and file the final rates it will use as a result of its own independent company decision-making process.

During the fiscal year, 3,167 rate filings and 3,412 policy filings were reviewed; in the preceding year, 4,138 rate filings and 3,702 policy filings were reviewed. The Rate and Policy Analysis Section also reviewed and analyzed approximately 7,300 motor vehicle reports and statements.

The significant filings approved during the fiscal year were as follows:

**MEDICARE SUPPLEMENT INSURANCE:** Hawaii Administrative Rules were amended effective July 6, 1999, in accordance with Federal requirements. There are twenty-four licensed issuers of medicare supplement insurance with one or more approved standardized plans.

**DWELLING FIRE:** On May 22, 2001, revisions to the dwelling fire loss costs were approved with an overall impact of -6.5% on non-hurricane loss costs.

**FARM:** On April 24, 2001, revisions to the farm loss costs were approved with an overall impact of -21.5%

**HOMEOWNERS:** On January 11, 2001, revisions to the homeowners loss costs were approved with an overall impact of -9.9% on non-hurricane loss costs.

Act 261, 1996 SLH, signed into law on June 19, 1996, requires the Insurance Commissioner to effect a moratorium and not approve any rate level increase in workers' compensation insurance during the period July 1, 1996 to January 31, 1997. Act 261 also requires rating organizations and insurance companies to make three annual rate filings reflecting the cost savings of Act 234, 1995 SLH, with the first filings due no later than November 1, 1996 and February 1, 1997, respectively.

On November 12, 1998, the Insurance Commissioner disapproved the proposed November 1, 1998 loss cost filing with an overall impact of +6.8%. A contested case hearing was held on December 16 and 17, 1998 and a final order sustaining the disapproval was issued on March 24, 1999. While the final order was on appeal at the Circuit Courts, an amended filing for an overall impact of -8.9% was filed and approved January 26, 2000. As a result of the three mandated loss costs adjustments pursuant to Act 261, workers compensation loss costs were reduced by as much as 40.7%.

Act 261, 1996 SLH, further authorizes the establishment of a domestic mutual insurer to be the residual market plan for workers' compensation. The domestic mutual, Hawaii Employers Mutual Insurance Company (HEMIC), issued its first policy effective July 20, 1997. Act 300, 1997 SLH, permits HEMIC to make multiple rate filings. HEMIC introduced Tiers I, II, and III on November 1, 1997, and Tier IV on May 1, 2001.

**MOTOR VEHICLE:** Pursuant to Act 251, 1997 SLH, all authorized insurers were required to implement at least a twenty to thirty-five per cent reduction on the premiums approved for policies effective on July 1, 1996, for those insureds with only the mandatory minimum coverages required under the Act. All licensed motor vehicle insurers issuing **private passenger** policies complied with the statutory mandate of no less than a twenty per cent reduction on the mandatory minimum PIP and liability coverages. And, during the fiscal period 98-99, eleven major insurers filed additional overall reductions with an overall impact of -4.7%.

On September 14, 1999, revisions to the private passenger automobile loss costs were approved with an overall impact of -21.2%. Pursuant to commissioner's authority under Act 251, insurers were mandated to file rate reductions no later than December 15, 1999. During the fiscal period 99-00, private passenger rates were reduced with an overall impact of -5.0%.

Seventeen insurance companies write more than 95% of the private passenger insurance market. During this fiscal period, five of these companies filed rate changes with an overall impact of -1.4%.

While several licensed motor vehicle insurers issuing **commercial** policies petitioned for exemption from the mandatory minimum coverage requirements by demonstrating that such rates would prevent the insurer from obtaining a fair rate of return, at least five new or previously inactive insurers have entered the commercial voluntary market place as a result of Act 251.

On March 12, 2000, revisions to the commercial automobile loss costs were approved with an overall impact of -6.8%.
