Subject: I support Bush's privatization plan - Circular A-76

I support the November 2002 Circular A-76 revisions. Entrepreneurs and workers will have new opportunities to seek work previously unavailable to the private sector, and the revisions will help eliminate unfair government competition. I support the provisions that eliminate Unfair Competition under Agency-to-Agency arrangements. I particularly support the presumption that all activities are presumed to be commercial, as this reinforces and supports the longstanding policy of both Democrat and Republican Administrations to rely on the private sector for goods and services.
