Before submitting the renewal package to the Office of Management and Budget (OMB), EPA is soliciting comments on specific aspects of the collection as described below.

DATES: Comments must be submitted on or before September 29, 1995.

ADDRESSES: 401 M St., SW., Washington, DC 20460 MC: 5306W.

FOR FURTHER INFORMATION CONTACT: Judy Taylor, (703) 308-7277 (phone); 308-8686 (fax).

SUPPLEMENTARY INFORMATION:

Affected entities: Entities affected by this action are businesses and non-governmental organizations that join the voluntary WasteWiSe program.

Title: Reporting Requirements Under EPA WasteWiSe Voluntary Challenge Program (OMB No. 2050-0139).

Abstract: EPA's Office of Solid Waste (OSW) is requesting approval to collect information from respondents that participate in EPA's voluntary WasteWiSe program. The program encourages businesses to engage in waste reduction activities and focuses on three waste reduction areas: waste prevention, recycling collection, and purchasing or manufacturing items with recycled content.

To participate in the program, an organization must complete and submit a registration form to EPA. The registration form provides EPA with general company information and specifies the facilities committed to the WasteWiSe program: it must be signed by a senior official who has authority to commit the company to the program. In addition, each participant must develop waste reduction goals and complete and submit a one-time Goals Identification Form to EPA; participants must also report annually on the progress made toward achieving those goals in the Annual Reporting Form.

The information collected will be used by EPA to develop and provide targeted technical information to assist organizations' waste reduction

programs, identify and exchange waste reduction opportunities, and gauge the program's progress.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated technology, e.g., permitting electronic submission of responses.

Burden Statement: The current ICR, submitted in 1994, estimated respondent burden for this collection to average as follows: Estimated Hours Per Respondent: 16 hours per response for the Registration Form; 48 hours per response for the Goals Identification Form; 78 hours per response for the Annual Reporting Form; for an estimated annual respondent burden of 142 hours in the first year and 78 hours each subsequent year. These estimates included all aspects of the information collection including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information.

Estimated Number of Respondents: 200 in year 1; 300 in year 2; and 400 in year 3.

Estimated Number of Responses per Respondent: 3 during first year of participation; 1 in subsequent years.

Estimated Total Annual Burden on Respondents: 28,500 hours in year 1; 29,850 in year 2; and 37,650 in year 3.

Frequency of Collection: One-time and annual.

No person is required to respond to a collection of information unless it displays a currently valid control number. The control numbers for EPA's regulations are displayed in 40 CFR Part 9.

Send comments regarding these matters, or any other aspect of the information collection, including suggestions for reducing the burden, to the address listed above.

Dated: July 26, 1995.

Elliott P. Laws,

Assistant Administrator, Solid Waste and Emergency Response.
