Report No. SES-00050

Wednesday February 10, 1999

## SATELLITE COMMUNICATIONS SERVICES

### RE: SATELLITE RADIO APPLICATIONS ACCEPTED FOR FILING

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations and its Policies. Final action will not be taken on any of these applications earlier than 30 days following the date of this notice. 47 U.S.C. & 309(b). All applications accepted for filing will be assigned call signs, or other unique station identifiers. However, these assignments are for administrative purposes only and do not in any way prejudice Commission action.

Application for Authority

**Class of Station:** VSAT Fixed Hub Station

**Nature of Service:** Domestic Fixed Satellite Service

New application to operate a VSAT network to provide data and voice services via ALSAT on a non-common carrier basis for the Federal Aviation Administration (FAA). The VSAT network operates as a combined mesh and star network. All sites of this VSAT network employ either 2.4, 3.8 or 4.5-meter antennas. Remote sites are limited to 2.4 or 3.8-meter antennas.
