

the name and address of the person who performed the farming operation, (ii) a description of the type of work (such as plowing, threshing, combining, etc.) and the type of equipment used, (iii) the date or dates on which the work was done, and (iv) the number of gallons of gasoline so used on the claimant's farm.

(c) *Place and period for keeping records.* (1) All records required by this section must be kept by the claimant at a convenient and safe location within the United States which is accessible to internal revenue officers and shall during normal business hours be available for inspection by internal revenue officers. If the claimant has a principal place of business in the United States, the records must be kept at that place of business.

(2) Records required to substantiate a claim under section 6420 must be maintained for a period of at least 3 years from the last date prescribed for the filing of the claim for credit or payment.

**§ 48.6420(a)-2 Gasoline includible in claim.**

Payment may be claimed under section 6420 only in respect of gasoline used on a farm in the United States for farming purposes. No payment is allowable under section 6420 with respect to gasoline used for nonfarming purposes, or gasoline used off a farm, regardless of the nature of such use. If a vehicle or other equipment is used both on a farm and off the farm, or if it is used on a farm both for farming and nonfarming purposes, payment is allowable only with respect to that portion of the gasoline which was "used on a farm for farming purposes" as defined in paragraph (a) of § 48.6420(c)-1. The type of equipment or vehicle and whether or not it is registered for highway use is immaterial. However, the actual use of the equipment or vehicle and place where it is used are material. For example, if a truck used on a farm for farming purposes is also used on the highways (even though in connection with operating the farm), the gasoline used in operating the truck on the highways is not to be taken into account in computing the payment for

which a claim is filed, since such gasoline was used off the farm.

**§ 48.6421-0 Off-highway business use.**

For purposes of the regulations under section 6421, after March 31, 1983, the term "off-highway business use" is used in lieu of the term "qualified business use" and has the same meaning as "qualified business use" under § 48.6421-4(b).

**§ 48.6421-1 Credits or payments to ultimate purchaser of gasoline used for certain nonhighway purposes.**

(a) *In general.* (1) If gasoline is used in a qualified business use or as fuel in an aircraft (other than aircraft in non-commercial aviation), a credit (under the circumstances described in paragraph (b) of this section) or a payment (under the circumstances described in paragraph (c) of this section) in respect of the gasoline shall be allowed or made to the ultimate purchaser of the gasoline. For gasoline used in a qualified business use prior to April 1, 1983, the credit or payment under this section shall be an amount equal to 1 cent for each gallon of gasoline so used on which the tax was paid at the rate of 3 cents a gallon, and 2 cents for each gallon of gasoline so used on which the tax was paid at the rate of 4 cents a gallon. For gasoline used in an off-highway business use after March 31, 1983, the credit or payment under this section shall be an amount equal to the amount determined by multiplying the number of gallons so used by the rate at which tax was imposed on such gasoline under section 4081. For gasoline used as a fuel in an aircraft (other than aircraft in noncommercial aviation) the credit or payment under this section shall be an amount equal to the amount determined by multiplying the number of gallons so used by the rate at which tax was imposed on the gasoline under section 4081. No interest shall be paid on any payment allowed under paragraph (c) of this section. However, interest may be paid on any overpayment (as defined by section 6401) arising from a credit allowed under paragraph (b) of this section. See
