electronic programs. The program identification symbols, in themselves, do not connote any priority.

(b) Persons receiving rated orders must give them preferential treatment as required by this regulation. This means a person must accept and fill a rated order for items that the person normally supplies. The existence of previously accepted unrated or lower rated orders is not sufficient reason for rejecting a rated order. Persons are required to reschedule unrated orders if they conflict with performance against a rated order. Similarly, persons must reschedule DO rated orders if they conflict with performance against a DX rated order.

(c) All rated orders must be scheduled to the extent possible to ensure delivery by the required delivery date.

(d) Persons who receive rated orders must in turn place rated orders with their suppliers for the items they need to fill the orders. This provision ensures that suppliers will give priority treatment to rated orders from contractor to subcontractor to suppliers throughout the procurement chain.

(e) Persons may place a priority rating on orders only when they are in receipt of a rated order, have been explicitly authorized to do so by the Department of Commerce or a Delegate Agency, or are otherwise permitted to do so by this regulation.

§ 700.4 Priorities and allocations in a national emergency.

(a) In the event of a national emergency, special rules may be established as needed to supplement this part, thus ensuring rapid industrial response and the timely availability of critical industrial items and facilities to meet the urgent national defense requirements, including domestic emergency preparedness requirements, of approved programs.

(b) The special rules established in response to the emergency may include provisions for the taking of certain emergency official actions and the allocation of critical and scarce materials and facilities.

§ 700.5 Special priorities assistance.

(a) The DPAS is designed to be largely self-executing. However, from time-to-time production or delivery problems will arise. In this event, special priorities assistance is available from Commerce and from the Delegate Agencies.

(b) Special priorities assistance is available for any reason consistent with this regulation. Generally, special priorities assistance is provided to expedite deliveries, resolve delivery conflicts, place rated orders, locate suppliers, or to verify information supplied by customers and vendors. Special priorities assistance may also be used to request rating authority for items not automatically ratable.

§ 700.6 Official actions.

When necessary, Commerce takes specific official actions to implement or enforce the provisions of this regulation and to provide special priorities assistance. Such actions may include the issuance of: Rating Authorizations, Directives, Letters of Understanding, Set-asides, and compliance documents (Administrative Subpoenas, Demands for Information, and Inspection Authorizations).

§ 700.7 Compliance.

(a) Compliance with the provisions of this regulation and official actions is required by the Defense Production Act and the Selective Service Act and related statutes. Violators are subject to criminal penalties.

(b) Any person who places or receives a rated order should be thoroughly familiar with, and must comply with, the provisions of this regulation.
