

BOXED IN?

With margins so fragile, you need smarter solutions, like SmartWaySM.

SmartWaySM Transport helps shippers and for-hire carriers lower greenhouse gases and other emissions, while saving real money on fuel. Savings can average from \$2,500 to \$7,000 per truck per year, depending on the technologies installed.

To find out more about this collaborative program, please call **1-734-214-4767** or visit www.epa.gov/smartway.

An innovative program from the
U.S. Environmental Protection Agency
