1502 PROGRAM AND BUDGET REVIEW SUBMISSION★150201. General

General guidance with regard to submission requirements is presented in Chapter 1 of this volume. Service components and Defense Agencies will submit the OP-53, Overseas Cost Report for the OSD Program/Budget Estimates Submission.

1503 CONGRESSIONAL JUSTIFICATION/PRESENTATION150301. Purpose

This Section presents the exhibit requirement for submission to Congress and formats for the Overseas Cost report. Section 8125 of the FY 1989 DoD Appropriations Act (P.L. 100-463) as codified in Title 10 United States Code (U.S.C.), section 113, requires that the Department of Defense separately identify the amounts necessary for payment of all personnel, operations, maintenance, facilities, and support costs for all DoD overseas military units and the costs of supporting all dependents who accompany DoD personnel outside the United States.

150302. Submission Requirements

A. The Overseas Cost Report consists of the OP-53 exhibit (Overseas Funding). Chapter 1 contains general guidance on congressional justification material. The exhibits will include a biennial budget year 2 (FY BY2) column or section as shown below in Section 1504 for all submissions in support of a biennial budget. Alternate year budget submissions will exclude the FY BY2 column or section (See Volume 2A, Chapter 1, of this regulation).

B. The OP-53 addresses all funding and personnel resources related to overseas activities as defined below.

C. Provide these exhibits to OUSD (Comptroller) P/B, Operations Directorate, Room 3D646, the Pentagon.

D. The Military Departments will report all military personnel permanently assigned overseas and associated costs to include those assigned to Defense Agencies. Input must be identified to countries that have a total cost in excess of \$5.0 million per year; all other countries will be grouped in "Other". Therefore, the Defense Agencies should not report data citing military personnel appropriations or line items.

150303. Definitions

The following definitions pertain to the costs to be included in Military Department and Defense Agency input:

A. Overseas costs will include amounts only from the following appropriations: military personnel; operation and maintenance; family housing operation and maintenance; family housing construction; and military construction.

B. Overseas amounts include the appropriated support of all DoD activities located outside the United States that are being performed on a permanent basis at U.S. military bases and other locations (U.S. Embassy, U.S. Consulates, U.S. Mission, etc).

C. Overseas amounts also include the cost of transporting personnel, material, and equipment to and from permanent overseas locations. The overseas amounts do not include incremental costs associated with contingency operations.

D. The United States includes all 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and the territories and possessions of the United States.

E. Military and civilian personnel amounts will be based on the number of personnel assigned to permanent duty ashore outside the United States. Accordingly, personnel on temporary duty outside the United States are not included in the overseas amounts. Because personnel assigned to the deployed fleet are excluded from overseas troop strengths, amounts for deployed steaming days are not included.

F. Generally, funding for DoD activities in the United States in support of overseas activities is excluded. For example, overseas amounts exclude the funding of depot maintenance performed in the United States on components/aircraft used by an overseas unit. Similarly, flight/specialized training that is conducted in the United States would be excluded.

1504 OVERSEAS COST REPORT SUBMISSION FORMATS

150401. Purpose

The formats provided on the following pages reflect guidance presented in previous sections of this chapter. Unless modified in a submission budget call, these formats should be adhered to.
