CHAPTER 19

GENERAL PROVISIONS GOVERNING ALLOTMENTS OF RETIRED PAY1901 GENERAL

Personnel receiving retired pay may authorize allotments from their retired pay for the purposes set forth in Chapters 19 through 21 of this volume. The voluntary allotment system enables retirees to make a limited number of payments by payroll deduction. Allotments are designed for the convenience and privilege of retirees and are not to be exploited or abused. Allotments are an assignment of retired pay by the retiree to a third party, financial institution, or agency. The retired pay activity acts solely as an agent of the retiree in the assignment of pay and assumes no liability concerning any contract between the retiree and the allottee. Allotments paid erroneously through administrative error must be recovered from the allottee, if possible, or may be collected from the retiree if such payment provided a benefit to that retiree.

1902 SPECIALIZED TERMS

190201. Allotment. As used herein, a definite portion of the retired pay of a person retired from a Military Service, which the allotter authorizes to be paid to an allottee.

190202. Allottee. A qualified person, institution, or agency to whom the allotment is made payable.

190203. Allotter. The person from whose retired pay the allotment is made.

190204. Financial Institution. A financial institution is a bank (to include a military banking facility), credit union, or thrift association.

1903 AUTHORIZED ALLOTMENTS

190301. General. Voluntary allotments of retired pay or retainer pay for military retirees are limited to discretionary and nondiscretionary allotments. Discretionary allotments are identified as “class D” allotments.

190302. Discretionary Allotments. Retirees are authorized no more than six discretionary allotments. The retiree shall certify that the allotment is within the limits of the law (e.g., allotments may not be used to repay gambling debts in a state where gambling is not permitted). Examples of discretionary allotments include, but are not restricted to, the following:

A. Payment of insurance premiums for various types of commercial insurance. This includes payment for life, dental and health insurance. Also, it may be payment for vehicle insurance.

B. Voluntary payment to a dependent or relative. This allotment may be made to a spouse, other dependents, or to a relative(s) not legally designated as a dependent(s). Support

allotments shall be made to a financial institution for credit to the account of the allottee. An allottee could be a state agency, court trustee, welfare agency, former spouse or a child's guardian or custodian.

- C. Deposit to a financial institution, mutual fund company, or investment firm.
- D. Payment of car loan.
- E. Payment of mortgage or rent.
- F. Payment of a loan to repay consumer credit, such as to a finance company.
- G. Payments to the Air Force Enlisted Members Widow's Home for Air Force members only.

190303. Nondiscretionary Allotment. Nondiscretionary allotments of retired and retainer pay are limited to the following:

- ★ A. Purchase of United States (U.S.) Savings Bonds
 - 1. Series EE. Purchase price is one-half of the maturity value. The Series EE bonds available through payroll deduction are \$100, \$200, \$500, or \$1,000.
 - 2. Series I. These are par value securities which means the maturity value is the same as the purchase price. The purchase prices available through payroll deduction are \$50, \$75, \$100, \$200, \$500, and \$1,000. A \$5,000 and \$10,000 bond is also available to purchase; however, not through payroll deduction.
- B. Voluntary liquidation of indebtedness to the U.S. that includes:
 - 1. Indebtedness incurred due to defaulted notes insured by the Federal Housing Administration or guaranteed by the Department of Veterans Affairs (VA).
 - 2. Any other indebtedness to any department or agency of the U.S. Government (except DoD debts).
 - 3. Repayment of U.S. Government debts assigned to a collection agency.
- C. Payment of delinquent federal, state, or local income or employment taxes.
- D. Payment of pledges for one of these specified charities: Army Emergency Relief, Navy and Marine Corps Relief Society, or affiliates of the Air Force Assistance Fund. These payments are for a definite period.

E. Repayment of loans to Navy and Marine Corps Relief Society, Army Emergency Relief, Air Force Aid Society and American Red Cross.

190304. Carryover from Active Duty. To aid personnel in the transition from active duty to retired status, all existing authorized allotments of members on active military service may be continued as approved allotments. Authorized allotments include up to six discretionary as outlined in [Volume 7A](#) of this regulation, and paragraph 190302, above.

190305. Administrative Changes. Changes beyond the control of the retiree are considered administrative in nature. These are dictated by events incidental to the purpose of the allotment. Examples include changes to the name, address, account number, and financial institution of the allottee. Other examples include amount changes due to contractual obligations existing at the time the allotment was executed (such as a mortgage payment changed because of variable rate mortgage or change in escrow requirement). Other than amount changes, administrative changes may be made at the request of the allottee without the member's consent. Administrative changes that adjust the amount of the allotment shall be accepted only when communicated by the Service member as a new allotment request.

190306. Establishment, Discontinuance, and Changes to Existing Allotments. A properly executed form, a written request, or an automated data exchange (from specific organizations) may be used to establish, discontinue, or change an allotment. Automated computer programs that allow members to establish, discontinue, or change an allotment using a personal identification number are also permitted. In addition, requests may be accepted telephonically from members without written documentation, but only after the member's identity has been validated. Requests for allotment actions should be provided to the Defense Finance and Accounting Service-Cleveland Site. Normally, allotments are not established retroactively.

1904 RETIRED PAY WHICH MAY BE ALLOTTED

The amount of retired pay, which may be allotted, can be limited administratively to exclude amounts required to be withheld:

190401. For tax purposes.

190402. For liquidation of an indebtedness determined under applicable provisions of law to be chargeable against the member's retired pay account.

190403. For cost of participation in the Retired Serviceman's Family Protection Plan and/or Survivor Benefit Plan.

190404. Because of federal civilian employment of a retired Regular officer.

190405. For garnishments.

190406. For continuing tax levies.

190407. For VA compensation.

190408. For former spouse.

1905 PERIODS OF ALLOTMENTS

Allotments are registered for an indefinite period except allotments for:

190501. Repayment of an indebtedness to the U.S., to include payment of delinquent federal income taxes.

190502. Charity as specified in subparagraph 190303.D, above.

1906 RESTRICTIONS

190601. Minors. Allotments (except U.S. Savings Bonds) may not be made payable to children under 16 years of age. Such allotments may be made payable to the children's guardian or custodian. Spouses of retirees may be named as allottees regardless of age.

190602. Mental Incompetents. Allotments are not payable to mentally incompetent persons. Such allotments are payable to a guardian or the institution where confined.

190603. Multiple Allotments. See restrictions in section 1903, above, and in Chapters [20](#) and [21](#) of this volume.

190604. Power of Attorney. A special power of attorney may be used to establish, change, or stop an allotment. This special power of attorney specifically must state the authority to establish, change or stop allotments. A general power of attorney is not acceptable to establish, change, or stop an allotment.

190605. Reduced Retired Pay of Allotter. When a stoppage or reduction of retired pay does not leave enough funds for deduction of allotments in force, those allotments are stopped administratively by the disbursing officer without the signature of the retiree.

190606. Administrative Stops. Allotments may be stopped because of the required deductions from retired pay listed in section 1904, above. When possible, the retiree is allowed to determine the allotments to be stopped. If, however, the retiree involved refuses, or is unable, to identify those that should be stopped, the allotments of that retiree are involuntarily stopped. See Figure 19-1 for the order of precedence.

1907 RIGHT TO ALLOTMENTS IN CASE OF DEATH

190701. Death of Retiree. Entitlements to allotments end with the death of the member. No further allotment payments may be made after receipt of notice of the allotter's death. Deductions made from the retiree's pay, but not paid to the allottee, become part of the arrears of retired pay. Allotments paid after the retiree's death may not be collected from the allottee, except:

- A. Allotments erroneously established after notice of death of the retiree, and
- B. Unearned insurance premiums (insurance premiums are paid 1 month before the day payment is actually due).

190702. Death of Allottee. An allotment check, even though endorsed, does not become part of an allottee's estate if it is not cashed or negotiated before the allottee's death. It is not subject to any expense incurred by or on behalf of the allottee before or after death. All unnegotiated allotment checks must be returned to the office that issued them. Such checks are credited to the retiree's account.

1908 ALLOTMENT OVERPAYMENT RESPONSIBILITIES

Any check or bond issued and mailed to a recipient for which entitlement does not exist must be recovered immediately by the issuing office. When an allotment payment is made after deductions from retiree's retired pay have ceased, and the retiree does not return the amount of that payment, the office of issuance starts recovery action of an equal amount from the recipient, or the retiree, if that office determines that the retiree benefited from the payment. If the retiree is liable, overpayment is recovered by deductions from retired pay due to the retiree.
