# Lessons Learned at SNS

Frank Kornegay

Operations Manager

# Accelerator Readiness Reviews

- External verification of your programs

- Guide and Order provide roadmap

- Occur at distinct changes in operations

# ARR lessons

- Perform thorough self-assessment of requirements

- Coordinate reviews with Committee

- Establish clear expectations; "success"

- Involve DOE in the entire process

# Accelerator Programs

- Accelerator Readiness Reviews
- Self-assessments
  - Formal evaluation of SAD
  - Review of ASE, OE
  - Assessment against ASO, Guide
- Update provided to Lab, DOE

# Ideas?

- Use an external Operations/safety review committee

  Evaluate your assessment programs

  Provide feedback on programs and plans

- Encourage participation in other reviews
- Establish stretch goals, view progress as continuous
