

**SUPPLEMENTARY INFORMATION:****Background and Purpose**

On November 5, 1996, the Coast Guard published an interim rule in the Federal Register (61 FR 57268). This rulemaking was initiated to implement certain provisions of the Commercial Fishing Industry Vessel Safety Act of 1988, Pub. L. 100-424. This rule established requirements for U.S. documented or state numbered uninspected fishing, fish processing, and fish tender vessels. The comment period was limited to 45 days by the interim rule. The Coast Guard has received many requests to extend the comment period to allow for additional time to review the provisions of this rule. The purpose of this document is to extend the comment period an additional 60 days and delay the effective date of the interim rule and to make the following correction:

**Need for Correction**

As published, the interim rule contains an omission which may prove to be misleading and needs correction.

**Correction of Publication**

Accordingly, the publication on November 5, 1996, of the interim rule [CGD 96-046] which was the subject of FR Doc. 96-28406, is corrected as follows:

1. On page 57274, in table 28.120(a) entitled "Survival Craft For Documented Vessels," in the eighth entry for area, "Inside Boundary Line, cold waters; or Lakes, bays, sounds, cold waters; or rivers, cold waters", for vessels 10.97 meters (36 feet) or more in length, in the third column, the words "See note 2" should be added after the words "Inflatable buoyant apparatus."

Dated: December 20, 1996.

**DEPARTMENT OF TRANSPORTATION****Office of the Secretary****49 CFR Part 1**

[OST Docket No. 1; Amdt. 282]

**Organization and Delegation of Powers and Duties; Delegations to Federal Highway Administrator, Research and Special Programs Administrator, and Director of the Bureau of Transportation Statistics**

**AGENCY:** Office of the Secretary, DOT.

**ACTION:** Final rule.

**SUMMARY:** This document delegates to the Administrator of the Federal Highway Administration (FHWA), the Administrator of the Research and Special Programs Administration (RSPA), and the Director of the Bureau of Transportation Statistics (BTS) certain authority vested in the Secretary of Transportation by the ICC Termination Act of 1995 (ICCTA), Pub. L. 104-88, 109 Stat. 803. The purpose of this rulemaking is to amend Part 1 of title 49, Code of Federal Regulations, to reflect these delegations.

**EFFECTIVE DATE:** December 27, 1996.

**FOR FURTHER INFORMATION CONTACT:** (1) Thomas P. Holian, Office of Chief Counsel, Legislation and Regulations Division, FHWA, Room 4223, (202) 366-0761; (2) John Grimm, Office of Motor Carrier Information Analysis,

The building address for all of the above is 400 Seventh Street, SW., Washington, DC 20590.

**SUPPLEMENTARY INFORMATION:** The Secretary has determined that certain authority vested in the Secretary by the ICCTA should be formally delegated to the Federal Highway Administrator, the Research and Special Programs Administrator, and the Director of the Bureau of Transportation Statistics. This rulemaking amends section 1.48 of 49 CFR Part 1, Delegations to the Federal Highway Administrator, section 1.53 of 49 CFR Part 1, Delegations to the Administrator of the Research and Special Programs Administration, and section 1.71 of 49 CFR Part 1, Delegations to the Director of the Bureau of Transportation Statistics, to reflect these delegations.

Because these amendments relate to departmental management, organization, procedure, and practice, prior notice and opportunity for comment are unnecessary. For the same reason, good cause exists for making this final rule effective immediately upon publication in the Federal Register.

**Section 1.48 Delegations to the Federal Highway Administrator**

This final rule amends 49 CFR 1.48 to delegate to the Federal Highway Administrator the authority to administer portions of section 103 of the ICCTA. Section 103 amended or enacted provisions of title 49, United States Code, which direct the Secretary to carry out certain motor carrier, broker, and freight forwarder functions.

This final rule also amends 49 CFR 1.48 to delegate to the Federal Highway Administrator the authority to administer sections 104, 403(a), and 408 of the ICCTA. Section 104 requires regulations be established relating to State grants, vehicle length limitations, insurance, and self-insurance. Section 403(a) relates to the promulgation of regulations relating to railroad-highway grade crossings. Section 408 requires the Secretary to issue a rulemaking in relation to a variety of fatigue-related issues pertaining to commercial motor vehicle safety.

A correction in paragraph designation is provided to reflect an amendment to a final rule published on January 6, 1993 (58 FR 502-503), that added paragraph (jj) to § 1.48. The final rule published today amends the January 6, 1993, rule because an earlier rule added (jj) at 57 FR 62483-62484 on December 31, 1992.

**Section 1.53 Delegations to the Research and Special Programs Administrator**

This final rule amends 49 CFR 1.53 to delegate to the Research and Special Programs Administrator the authority to administer section 406 of the ICCTA, which requires the Secretary to (1) issue a final rule extending the transition period for the continued use of fiber drum packagings that do not meet performance standards adopted in 1990; (2) contract with the National Academy of Sciences for a study of packaging standards applicable to the use of fiber drums for the transportation of liquid hazardous materials; and (3) develop final standards for fiber drum packagings for liquid hazardous materials.

**Section 1.71 Delegations to the Director of the Bureau of Transportation Statistics**

This final rule amends 49 CFR 1.71 to delegate to the Director of the Bureau of Transportation Statistics the authority to administer section 14122(a) and (c) and section 14123 of title 49, U.S.C., relating to the collection and dissemination of information on motor carriers, which was revised under section 103 of the ICCTA.
