Use this map to find ways to bus, bike or walk to interesting places and services in your neighborhood. Find out how close you are to recreation, schools, libraries, local merchants, community services and so much more! Leave your car at home and try a new way of **Getting Around!**

HOW TO USE THIS MAP:

1. If you live, work or frequent a location in the area, mark it on the map.
 2. Identify other locations of interest to you. Look closely — there are many things to see and do just around the corner.
 3. Note the distance and see if you can get to it without your car.
 - Measure your trip by time instead of distance. You can get pretty far in 5 minutes of walking and farther by biking!
 - Bus routes and stops are marked. Additional bus information is often available at the stop, at 206-553-3000, or online at <http://transit.metrokc.gov/>.
 4. Once you decide on your mode of travel, head out and give it a try!
 5. Try a new travel mode once a day, week or month. Whatever works! Healthy travel is good for you, your neighborhood, and the environment. Take your first step toward a long-term lifestyle change.
