DATA SOURCES FOR DHS KEY PERFORMANCE MEASURES

PM#	Data Reported for:	Data Source
1	FY 99-00	The Client Process Monitoring System (CPMS) and Licensing Database.
2	Developmental	Seniors and People with Disabilities (SPD) is developing a methodology for determining the number of Oregonians with disabilities.
3		Core Performance Status Report recorded by the Office of Vocational Rehabilitation Services
4	FY 99-00	The SPD Employment Outcomes System and the SPD Client Assessment / Planning System (CA/PS).
5	2000	Percent of Children, Adults and Families (CAF) consumers with a goal of employment who are employed: The total number of job placements reported each month by CAF consumers each month, divided by the number of CAF consumers reported in the Children, Adults and Families Branch and Service Delivery Area Data monthly report.
6	2000	Percent of TANF cases who do not return, or are off of cash assistance 18 months after exit due to employment: The percentage of clients that leave TANF after beginning employment, that are not receiving TANF 18 months later. JAS/TRACS system placement data is compared to Client Maintenance system public assistance data on a monthly basis over a period of three years.
7	2000	Teen pregnancy rate per 1,000 female Oregonians ages 15-17: The rates are based on births and induced terminations to Oregon female residents age 15-17 from DHS/Health Services and population estimates provided by the Center for Population and Census, Portland State University. This measure was modified to focus on the specific 15-17 age group instead of the broader 10-17 age group.
8	2000	Percent of child care providers that are receiving the enhanced rate: This measure reports the percent of child care providers, paid through DHS Provider Pay system, that receive the 7% enhanced rate for meeting required certifications, such as first aid and child abuse and neglect training. Certified child care centers and group homes automatically qualify. Data from DHS Provider Pay system and Employment Department, Child Care Division data. This measure was previously reported as a number of providers, instead of a percentage.
9	March 2000	SPD Employment Outcomes System. Earnings reported twice annually for persons receiving SPD-DD Employment Services.
10	2000	Number of Oregonians receiving food stamps compared to the number living in poverty: This measure represents the ratio of people receiving food stamps based on the Food Stamp Management Information system data to the number of estimated Oregonians living at or below the federal poverty level based on adjusted Census estimates. This is a new measure.
11		Office of Disease Prevention & Epidemiology survey and database
12		Office of Disease Prevention & Epidemiology vital statistics
13	Summarized by Federal Fiscal Year	AFCARS database, which is derived from the State Child Welfare IIS data system.
14	Summarized by Calendar Year.	Data source for Re-abuse measure is the State Child Welfare IIS data system.
15	Developmental	Seniors and People with Disabilities (SPD) is developing a central database store all abuse reporting for seniors. (For
