Eeah is J B

Everyone tries to outwit everyone else, selfishness is widespread. Everyone is concerned with their own wellbeing. And no one is interested in the common good.

Now come and tell me what you think. Will you continue in this manner or will you be different, performing humanly and opening your mind. ¡Value Yourself!

Olmedo

And if you gave value to your life, your life, the world would be better. Lets all sing with great joy, joy with love and peace in our heart.

The Panas

Olmedo

And if you gave value to your life, your life, the world would be better. Lets all sing with great joy, joy with love and peace in our heart.

Joel

And you and I can change

And improve every day

Utilizing the values and improving every day.
