Subject: RE: inclusion of women of child-bearing potential

[purged], If you go to: <http://www.fda.gov/cder/guidance/old036fn.pdf> you will find a guidance document that describes considerations for the inclusion of women in clinical trials, including the use of contraception. I hope this information is helpful to you.

Subject: inclusion of women of child-bearing potential

...what are the requirements for contraception in clinical trials? Can you kindly provide the reference?

Thanks! [purged]
