

Dear ENERGY STAR® Partner or Interested Party:

The April 15th deadline for comments on the Preliminary Draft 1 Eligibility Criteria for single voltage external ac-dc power supplies is fast approaching. EPA would like to thank partners who have submitted their feedback. For those partners who have not, there is still time to do so. (For your reference, copies of the letter and draft specification are attached. Additional information is available at www.energystar.gov/powersupplies.)

Please send all comments on the draft ENERGY STAR external power supply specification to Brooke Taylor, ICF Consulting, at btaylor@icfconsulting.com by **April 15, 2004**. **(If you require a few additional days to compile your comments, please notify us immediately.)**

Partner input is critical to the specification development process. If you have any questions or concerns, please do not hesitate to contact me at Fanara.Andrew@epa.gov or (202) 343-9019.

Thank you very much.

Regards,

Andrew Fanara
