DEAR COMMISSIONER,

The FDA should be a regulator NOT A promoter of the Food industry. As A CONSUMER I AM CONCERNED about the quality of my food & its impact on human environmental health. I urge you to require both labeling & pre market safety testing of GE foods that present unique & unforeseen hazards. As I wish to avoid these foods for myself, family and friends, I find it frustrating that the FDA continues to deny me my Freedom of Choice

Sincerely,
Claire Gallagher
