Dear Sir:

4510 '01 FEB 16 P3:10

The marketing and slaughter of
downed animals is unacceptable.
Absolutely!

I refer to docket number

98P-0151/CPI.

Please grant petition to prohibit
the slaughter of downed animals.

- ① Animals sick pose a problem to the
food chain. Consumers are already
uncomfortable with the "mad cow"
disease coming here.
- ② It's torture to these sick animals. It's
cruel. It's mean. It's barbaric. It's
unfathomable this is allowed.
- ③ Downed animals comprise a small percentage.
No undue economic hardship will be felt.

Please end this practice -

98P-0151

Regards,
Joan Haines
