

Comments on Docket # OOD-1598 and OON-1396

Genetically Engineered foods carry  
a danger to the consumer.  
We need the <sup>09 02 01 FEB 12 11 25</sup> FDA to continue  
a rigorous study of the effect  
of these foods <sup>today and</sup> on several generations  
of humans. Especially the labeling  
of these foods is J. N. Zabin, M.D.  
critical -
