

Docket # 000-1598, UON 1396

02/07/01

Dear FDA Commissioner,

I don't understand why you think it is all right for me and my family to eat genetically engineered foods that Europe, Japan and other countries. Please protect the public health by taking all GMO products off the market until they have been proven safe, and please require labeling of any that are on the market!

Sincerely, Hamid Awn 500 Quincy Pl. SE.
