

Docket #'s 00D-1598 and 00N-1396

Dear Commissioner,

The FDA should be a regulator, not a promoter of the food industry. I am becoming increasingly concerned about the role of government in industry, and the subsequent decline in my food choice.

I urge you to require both labeling & pre-market testing of these novel foods that present unique & unforeseen hazards. As I wish to avoid these foods for myself, family, & friends, I find it frustrating that the FDA continues to deny me my Freedom of choice.

Sincerely,
Sarah Clayton Kelly Alb., NM 87107
