

Docket # OON-1396 OOD-1598

Dear Commissioner,

As a consumer, I am concerned about the quality of the food I eat and therefore urge ~~4/2/21~~ ~~01~~ ~~15~~ ~~R2:28~~ both labeling and pre-market safety testing for genetically engineered foods. These measures will help me & other consumers feel safe and that we have choices in the food we eat. Thank you.
