RE: Notification of Nutritional Support Statements

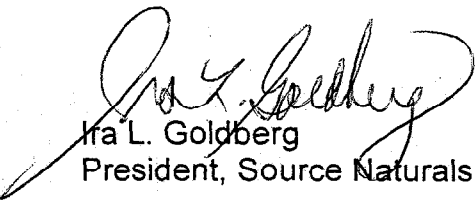

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of **Acetyl L-Carnitine**, a dietary supplement. Horizon<sup>®</sup> is the manufacturer of **Acetyl L-Carnitine**.

Statements being made in the labeling of Acetyl L-Carnitine:

(1) Acetyl L-Carnitine is an amino acid-like compound that is related to choline. The conversion of choline into acetylcholine, one of the body's key neurotransmitters, may be assisted by acetyl L-carnitine. Messages are chemically transmitted from one nerve cell to another by acetylcholine.

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Horizon possesses substantiation that the statements are truthful and not misleading.
