

Dear FDA Commissioner,

I am writing to express my opposition to FDA's proposed new rule and guidance on genetically engineered (GE) foods. We oppose the agency's **voluntary labeling and notification** proposals in support of all the points in the citizen's petition currently before the agency (docket No. OON-1396, and OOD-1598).

- All GE foods **should be** labeled so Lam informed and have a choice.
- GE foods ~~should~~ not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing
- There should be a moratorium on GE foods until long-term studies show they are safe for human health and the environment.

(Additional Personal Comments:)

Would like to see the results of the testing that was supposed by already done.
