FDA Commissioner

OON-1396/00A-1598

FDA Safety Mgt Branch (HFA-305)

Food & Drug Admin.

5630 Fishers Lane, Rm 1061

Rockville, MD 20852

To whom it may concern,

I am writing to express my
opposition to the FDA's new proposed
rule and guidance on genetically
engineered foods. The agency's
labeling and notification procedures
are inadequate to protect environmental
and human health, and my
right to know what I eat.

00D-1598

C 2678

I demand that you require all
GE foods to be labeled, tested for safety
over a long term. Sincerely, Erica Fielder
