RE: Docket Number 98P-0151/CP1

Dear U.S. FDA,

I support the petition (Docket Number 98P-0151/CP1) that has been filed with the U.S. Food and Drug Administration (FDA) to completely prohibit the slaughter of downed animals. By cutting out the market for downed animals, the livestock industry will have more of an incentive to treat animals humanely, euthanizing "downed animals" on-farm, and more importantly, preventing the injuries that cause "downed animals" in the first place.

Sincerely,

  
Elaine Price
