

Docket # 00N-1396 and # 00D-1598

Dear Commissioner -

The FDA should be a regulator, not a promoter of the food industry. I am growing increasingly concerned about the role of government in industry and the subsequent decline in my food choice.

I urge you to require both labeling and pre-market safety testing of ~~all~~ novel foods that present unique and unforeseen hazards. As I wish to avoid these foods for myself, family and friends, I find it frustrating that the FDA continues to deny me my FREEDOM OF CHOICE!

Sincerely,
Adrienne Scott Warner
