

INTRODUCTION TO FORM 47 – DEACTIVATION/OFF-STUDY FORM

Code 6 in Question B1 was used to indicate that the patient was deactivated due to the end of the study.

DEACTIVATION/OFF-STUDY FORM -- FORM 47 QxQ

Use this form if the patient is being deactivated, e.g., is being withdrawn from the VATS Study for any reason. Note that removal from study components and/or unblinding the patient is not a reason for going off-study. See protocol Section 7.2. In addition, missed visits do not constitute deactivation. Every attempt should be made to collect whatever data is available. This might involve searching medical records or corresponding with physicians, even in the absence of contact with the patient.

SECTION A -- GENERAL INFORMATION

- A1.** Affix the subject ID label. If label is not available, write the subject ID number in the space provided. If this is a multiple page form, affix an ID label or write the ID number on the top of each page in the space provided.
- A2.** Enter the visit number.
- A3.** Enter the subject's first initial in the first space provided, middle initial in the second space provided and last initial in the third space provided. If the subject does not have a middle name, enter the first initial in the first space provided, a "--" in the second space provided, and the last initial in the third space provided. If the person has a hyphenated last name or 2 last names, enter the initial of the first last name in the appropriate box
- A5.** Record the date that this form is completed.
- A6.** Enter the initials of the person completing the form. Enter the first initial in the first space provided, middle initial in the second space provided and last initial in the third space provided. If the person completing this form does not have a middle name, enter the first initial in the first space provided, a "--" in the second space provided, and the last initial in the third space provided. If the person has a hyphenated last name or 2 last names, enter the initial of the first last name in the appropriate box.

SECTION B -- DEACTIVATION

- B1.** Check one box only, i.e., give the primary reason for deactivation. Complete a Death Report (Form 48) if the patient died, or the date last known to be alive, if the patient has been lost to follow-up. Otherwise, note the effective deactivation date at (a.). If a patient is deactivated due to a reason other than death, and the patient subsequently dies, complete a Death Report (Form 48) at the time of death.
